

FAASTeam presents:

Rusty Pilots Seminar

AOPA has put together a free, comprehensive program that gives you all the information you need to get current again. Free seminars sponsored by local flight schools and clubs provide all the ground training you need, and show you, step-by-step, what you need to do to complete the Flight Review. An easy-to-follow Powerpoint presentation will bring you up to speed on hot-button issues like weather briefings, preflight planning, FARs, and airspace. You'll learn about medical requirements, runway incursions, radio procedures and Light Sport aircraft, as well as any changes that have taken place since you last donned a headset. You'll even leave the seminar with a logbook endorsement attesting that you've completed the one-hour of ground training required for the Flight Review.<http://www.aopa.org>

Directions: This free safety seminar is part of the 3 day Flying Aviation Expo. For more information and admission please visit: www.Aviation-Xpo.com

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
